

**Read and understand these instructions before installing luminaire.** This luminaire is intended for installation in accordance with the National Electrical Code and local regulations. To assure full compliance with local codes and regulations, check with your local electrical inspector before installation. To prevent electric shock, turn off electricity at main power supply before proceeding. Retain these instructions for maintenance reference.

**Vyv is not responsible for any injuries due to the improper installation or handling of its products.**

**NOTE:** Fixtures must never be lifted from sides or ends, lift fixtures only by cradling in arms until they are supported uniformly by mounting system.

### Installation Instructions

#### T-GRID MOUNT:

1. Lift and shift the housing into position. Fixture to be supported by structural ceiling.

NOTE: Brackets on both sides of fixture must be over the T-grid rails to further assure positive installation.

2. Remove the access plate on the top of the fixture and make the necessary wiring connections as indicated in the installation instructions and wiring diagram.
